Program Overview

The Sensitive Intelligence™ Practitioner Certification — Level II is an advanced practitioner training designed for graduates of Level I who are ready to deepen their somatic healing competencies, develop their professional specialization, and build a sustainable practice.

This training integrates:

- Advanced Sensitive Intelligence™ coaching methods
- The Fawning to Freedom Method
- Advanced relational healing and the Right Relationship Model
- Foundational psychoneuroimmunology
- Advanced Neuroceptive Touch™
- Business foundations and resource management
- Practitioner branding, marketing, and ethical enrollment
- Group facilitation and conscious community
- Individualized mentorship and practitioner specialization

Students will deepen their ability to work with complex nervous system and relational patterns while developing greater practitioner discernment, professional confidence, and independence.

This training is experiential, relational, and highly practice-oriented.

Who This Training Is For

This training is designed for:

- Graduates of Sensitive Intelligence™ Level I
- Practitioners seeking advanced somatic coaching and relational healing skills
- Practitioners interested in deepening their work with fawn-dominant nervous systems
- Practitioners seeking advanced Neuroceptive Touch™ education
- Emerging and established practitioners developing a professional specialization
- Practitioners ready to establish or expand a sustainable somatic healing practice
- Practitioners interested in facilitating groups and cultivating conscious community

Prerequisite:

Successful completion of Sensitive Intelligence™ Practitioner Certification — Level I is required before beginning Level II.

Training Philisophy

Sensitive Intelligence™ Level II builds upon the foundational understanding that sensitivity is not weakness — it is relational intelligence.

As practitioners develop greater competency, they are invited to deepen not only their knowledge and skills, but also their capacity for relational presence, individualized discernment, and professional responsibility.

Level II supports practitioners in:

- Deepening embodied practitioner awareness
- Supporting relational agency and freedom of choice
- Integrating advanced coaching and touch-based approaches
- Developing a sustainable relationship with their professional work
- Discovering their unique expression of the Sensitive Intelligence™ methodology

The intention is not to create identical practitioners, but to support each student in developing an authentic and sustainable professional practice.

Training Format

Duration

April – August 2027

Live Training Schedule

Six live training days, scheduled across four advanced modules.

Individual Mentorship

Four private, 60-minute mentorship sessions throughout the training.

Advanced Neuroceptive Touch™ Intensive

One in-person, three-day intensive in the Phoenix, Arizona area.

Applied Practice

Peer practice, practice client sessions, and advanced touch practice throughout the training.

Independent Capstone

An individual project exploring an approved area of practitioner interest or specialization.

Attendance

Students are expected to attend at least 80% of live online training sessions. Full attendance at the in-person Advanced Neuroceptive Touch™ Intensive is required for certification.

Training content and pacing may evolve slightly in response to the needs and development of the cohort.

Training Components

Students will receive:

- Live experiential training
- Practitioner demonstrations
- Guided peer practice
- Advanced Neuroceptive Touch™ education
- Four individual mentorship sessions
- Advanced framework and methodology teachings
- Business and professional development education
- Group facilitation learning
- Capstone guidance
- Practitioner community and integration support

Practice expectations:

Students participate in ongoing applied practice and professional reflection to develop:

- Advanced practitioner competency
- Embodied confidence
- Relational discernment
- Individualized pacing
- Professional specialization
- Ethical decision-making
- Practitioner leadership

Embodied learning continues through repetition, relational engagement, reflection, and integration over time.

MODULE 1

Advanced Sensitive Intelligence™ Coaching

Deepen Coaching & Relational Competency

Dates:

Saturday, April 3, 2027 | 11AM - 6:30PM
Module 1A: Fawning to Freedom & Advanced Coaching Methods

Saturday, April 17, 2027 | 11AM - 6:30PM
Module 1B: Advanced Relational Healing & Psychoneuroimmunology

Module Overview:

Deepen somatic coaching and relational healing competencies for fawn-dominant nervous systems through the Fawning to Freedom Method, the Right Relationship Model, advanced coaching approaches, and an introduction to psychoneuroimmunology.

Competencies:

Students will begin developing the ability to:

- Recognize and work with complex fawn-dominant nervous system patterns
- Apply advanced Sensitive Intelligence™ coaching and relational healing frameworks
- Support embodied awareness, differentiation, boundaries, and relational agency
- Understand foundational relationships among nervous system activity, stress physiology, and immune function
- Develop greater practitioner discernment and individualized application

MODULE 2

Advanced Neuroceptive Touch™ Intensive

Deepen Touch Competency

Dates:

Friday, May 14, 2027 | 4 - 7PM
Saturday, May 15, 2027 | 11AM - 5:30PM
Sunday, May 16, 2027 | 11AM - 5:30PM
Location: Phoenix, Arizona area

Module Overview:

Deepen Neuroceptive Touch™ skills through an immersive, three-day intensive focused on advanced touch applications, nervous system tracking, individualized pacing, and practitioner discernment.

Competencies:

Students will begin developing the ability to:

- Apply advanced Neuroceptive Touch™ methods
- Track and respond to nervous system changes during touch
- Assess client capacity and adapt touch interventions accordingly
- Integrate somatic tracking and Neuroceptive Cycling™
- Strengthen practitioner presence, discernment, and appropriate boundaries

MODULE 3

The Sustainable Practice & Business Immersion

Build a Sustainable Practice

Dates:

Saturday, June 12, 2027 | 11AM - 6:30PM
Module 3A: Business Foundations & Resource Management

Sunday, June 13, 2027 | 11AM - 6:30PM
Module 3B: Branding, Offers, Pricing, Marketing & Enrollment

Module Overview:

Develop the foundations of a sustainable somatic healing practice through business planning, resource management, professional specialization, branding, pricing, marketing, and ethical enrollment.

Competencies:

Students will begin developing the ability to:

- Establish a clear professional vision, mission, and values
- Identify personal and professional resource needs
- Develop sustainable practitioner schedules and capacity
- Clarify professional specialization and positioning
- Develop aligned service offerings and pricing structures
- Apply foundational marketing and ethical enrollment practices
- Create an individualized plan for sustainable practice development

Summer Integration Break

June/July 2026

Students are encouraged to:

- ***Have fun and let the content digest organically!***
- Continue peer & client practice
- Move their capstone project to completion
- Schedule their private mentorship sessions

MODULE 4

Practitioner Leadership & Integration

Develop Leadership & Professional Integration

Dates:

Saturday, July 24, 2027 | 11AM - 6:30PM
Module 4A: Group Facilitation & Conscious Community

Saturday, August 7, 2027 | 11AM - 6:30PM
Module 4B: Capstone Presentations & Graduation

Module Overview:

Explore group facilitation, practitioner leadership, and conscious community, with an emphasis on relational agency, boundaries, and authentic participation.

The training concludes with capstone presentations, practitioner integration, and graduation.

Competencies:

Students will begin developing the ability to:

- Understand group facilitation principles and relational dynamics
- Establish supportive boundaries and cultivate conscious community
- Strengthen practitioner leadership and facilitation skills
- Integrate advanced learning into their professional practice
- Reflect on their development and emerging specialization

Certification Requirements

To receive certification for Sensitive Intelligence™ Practitioner Certification — Level II, students are expected to complete the following requirements throughout the training.

Attendance Requirements:

- Attend at least 80% of live online training sessions.
- Attend the full Advanced Neuroceptive Touch™ Intensive.
- Complete four individual mentorship sessions.

Practice Requirements:

20 Total Applied Practice Hours

- 8 peer practice hours
- 8 practice client hours
- 4 advanced Neuroceptive Touch™ practice hours

Students will maintain a simple practice log throughout the training that they will turn in for review and approval upon completion of practice hours.

Capstone & Integration Requirements

- Complete an approved independent capstone project.
- Present the capstone during the final training module.
- Submit four practitioner reflection and integration forms.

80 total certification hours

Certification

Sensitive Intelligence™ Somatic Healing Practitioner Certification – Level II

Upon successful completion of Level II, students will have developed advanced competencies in:

- Sensitive Intelligence™ Somatic Coaching
- Fawn-dominant nervous system and relational healing approaches
- Advanced Neuroceptive Touch™
- Practitioner discernment and individualized application
- Professional specialization
- Sustainable business and practice development
- Group facilitation and practitioner leadership
- Embodied professional integration

Graduates will receive Level II certification and be listed in the Sensitive Intelligence™ Certified Practitioner Directory on the Institute website.

Professional Development Pathways

Continuing Beyond Level II

Graduates will have the opportunity to continue their professional development through additional pathways within the Sensitive Intelligence™ and The Somatic Healing Garden™ professional ecosystem.

Sensitive Intelligence™ Graduate Mentorship

Graduates become eligible to apply for advanced private mentorship programs with Lua at a reduced graduate rate.

The Somatic Healing Garden™ Affiliate Practitioner Opportunities

Graduates become eligible to apply for a limited number of affiliate practitioner relationships, which may include professional visibility, referrals, and collaborative opportunities. These positions are application-based and selective.

Advanced Apprenticeship

Graduates become eligible to apply for even more limited and highly selective advanced apprenticeship opportunities within The Somatic Healing Garden™.

Acceptance into mentorship, affiliate, and apprenticeship opportunities is separate from certification and is not guaranteed.

Sensitive Intelligence™ Practitioner Certification is a professional education program in somatic healing. Certification does not confer state-issued healthcare or mental health licensure or authorize practice outside applicable professional scope.
